Lime Scale Remover

L.S.R. Dishwashing Machine

DUX L.S.R. is an ultra-concentrated descaler containing a deep cleaning formula which removes the build-up of lime scale that forms in and on the spray arms, pipes, filter, pump whiles extending the life of your dishwasher. It is a fast-acting descaler that is ideal for use in hard water areas as it effectively dissolves lime scale. A constant use of hard water will relate to unwanted lime scale build-up and hard water stains that dulls your dishes. It gently removes excess build-up from all working and non-working parts while protecting, maintaining and descaling. DUX L.S.R. is a must for areas where hard water containing high levels of calcium and magnesium, is regularly used or descaling of appliances is essential to everyday life.

L.S.R. Laundry Washing Machine

DUX L.S.R. is an ultra-concentrated descaler containing a deep cleaning formula which removes the build-up of soap scum and lime scale that forms in the water filter, heating element, on the inside of your washing machine pipes and washing drum. A must for areas where hard water containing high levels of calcium and magnesium, is regularly used. It has been specially formulated to remove odour causing residues that has been left behind from daily wash loads. DUX L.S.R. will effectively descale pipes and clear blockages that might be forming, getting rid of unwanted malodours and ensuring maximum freshness and softness of your clothes after every wash. Not only does DUX L.S.R. prevent build-up of lime scale, but it also reduces the risk of your washing machine breaking down, increasing overall performance, and saving you a fortune on repairs and maintenance.

Cooking & Chafing Dish Fuel

Spirit Jelly

A thickened alcohol used for heating of chafing dishes, fondues and steel snack trays. Also used as a charcoal/briquettes fire starter gel.

APPLICATIONS
LIGHTING OF CHARCOAUBRIUETTES
Squeeze a little gel on top of charcoal/briquettes.
Use 2-3 tablespoons per kg charcoal/briquettes.
Light the gel and slowly stack more charcoal on top of the lit charcoal allowing for maximum circulation.

Blueheat

A thickened alcohol used as a charcoal/briquettes fire starter gel. Also used for heating of chafing dishes, fondues and steel snack trays.

DIRECTIONS FOR USE
LIGHTING OF CHARCOAL/BRIUETTES
Squeeze a little gel on top of charcoal/briquettes. Use 2-3 tablespoons per kg charcoal/briquettes. Light the gel and slowly stack more charcoal on top of the lit charcoal allowing for maximum circulation.

Disinfectants

Powercid

A superior 3-in-1 ultra concentrated disinfectant, deodoriser and all purpose cleaner with a long lasting Floral fragrance. It effectively kills most common germs and bacteria, leaving surfaces in your home clean and germ free. DUX POWERCID is a highly effective disinfectant and all purpose cleaner, designed to be used in bathrooms, toilets, change rooms, urinals and other sanitary areas. It can be used on all surfaces that are not sensitive to acidic substances. It is ideal for the removal of lime scale from urinals, toilets, showers, basins, baths and tiles. Its unique chemical composition assists in the effective removal of grease and oils, neutralisation of unpleasant odours whilst disinfecting all in one operation. DUX POWERCID does not contain any bleaches, alcohol or ammonia, making it a great non toxic, environmentally friendly cleaner, disinfectant and deodoriser.

Bathroom & Toilet Cleaner

Shower Shine

A superior 3-in-1 cleaner, degreaser and descaler especially formulated to dissolve soap scum, limescale, calcium deposits, and to strip watermarks found on sanitaryware, tiles and glass surfaces. Dux Shower Shine is a must for areas where hard water containing high levels of calcium and magnesium, is regularly use. Regular use of Dux Shower Shine will prevent the build-up of soap scum and lime scale ensuring your shower stays clean and fresh for longer.

DIRECTIONS FOR USE: Spray directly onto surface area and allow sufficient contact time. Use cloth, sponge, or brush to agitate buildups. Rinse surface area with clean water. If soap scum and limescale is still visible repeat the process with a longer contact time.

Bathroom & Toilet Cleaner

Port-A-Blue

DUX PORT-A-BLUE is a highly concentrated dark blue liquid with a powerful yet pleasant odour. Specially designed for use in portable toilets to minimize foul odours and activate the breakdown of waste solids and paper towels, making it easier to empty tanks. It liquifies solid waste to maintain portable toilets even during heavy usage. It contains powerful odour masking agents which makes it ideal for enclosed toilet areas ensuring your portable toilet stays fresher and cleaner for longer. It quickly breaks down waste and leaves your toilet smelling fresh. DUX PORT-A-BLUE has a multifunction, not only does it maintain portable toilets but helps prevent blocked lines and pipes during pump out making your system run smoother and easier to clean. Biodegradable and septic tank safe.

Bin Buddy Bin Protector

Dux Bin Buddy is a powdered 3-1 Bin Protector, Disinfectant & Deodoriser in a powder form. Formulated to control the growth of bad odours associated with solid wastes contained in refuse bins. It was specifically formulated for all types of refuse bins used at restaurants, hotels, retirement homes as well as residential homes where the waste of food is a common problem. It will stop offensive odours in its tracks in any season. Not only does it provide a pleasant uplifting aroma, but it acts as disinfectant to combat the growth of pesky nuisances. While constantly combating malodour, it will ensure your home smells nature fresh leaving a welcoming and lasting impression.

Bin Cleaners & Sanitisers

Bin Buddy Pine Laminator Deodoriser

Dux Bin Buddy Pine Oil Laminator Deodoriser is an ultra-pure, all-natural pine oil deodoriser. It was specifically formulated for the laminating of all types of refuse bins used at restaurants, hotels, retirement homes as well as residential homes where the waste of food is a common problem. While constantly combating malodour, it will ensure your home smells nature fresh leaving a welcoming and lasting impression. It will stop offensive odours in its tracks in any season. Not only does it provide a pleasant uplifting aroma, but it acts as a natural deterrent against pesky nuisances. Being an oil and not a water-based detergent, it provides a longer lasting effect which is cleaner and healthier in areas where there is constant food waste. Contains no additives or diluents.

Laundry

Auto Micro Liquid Laundry Detergent IND

A concentrated liquid laundry detergent for use in domestic, commercial and on-premise laundries. It contains multiple enzymes and is essential when laundering heavily soiled textiles that demands a long lifetime. Formulated to clean, strip, emulsify and remove a wide variety of stains such as blood, fat and any other complex food soils from food workwear, restaurant, hotel and nursing home linen. Manufactured with high active raw materials providing low dosage volumes making it very economical in use. Increases benefits such as lower pH which extends linen lifetime, decrease energy use, increases brightness and preserves whiteness. Biodegradable, non-toxic, environmentally friendly. It is ideal for laundering of all types of fabrics. Pleasantly perfumed leaving a fresh fragrance on laundered fabrics. Recommended temperature: 40-60°C.

Laundry Disinfectant

DUX LAUNDRY DISINFECTANT is a high foaming detergent with a built-in QAC (Quaternary Ammonium Chloride) disinfectant compound for high level disinfection at low temperature. It contains high quality wetting out agents that reduces water tension allowing to penetrate deep into the fibers. It was especially formulated for the disinfecting and sanitizing of sheep skins, pressure mats, blankets, babies wear and sluicing of hospital linen where urine, scabies and bed sores are common. Can be used frequently on all laundry applications to prevent unwanted germs and bacteria.

Powerplus Low Foam Laundry Detergent

POWERPLUS is a complete one-shot laundry detergent powder with built-in stain removers for optimal whiteness and brightness.

This product is alkaline, easy rinsing and contains an Oxidizing Agent for safe stain removal. POWERPLUS is a unique product on the South African market due to the fact that the Oxidizing agentis released at only 30C. All other products of a similar nature release the Oxidizing Agent at +80C. The Oxidizing Agent used is particularly safe and will not affect coloured fabrics. No additives are required when using POWERPLUS.

Organic Bleach

A concentrated dry organic bleach powder specially designed for stripping the most stubborn stains from white fabrics. It is a free-flowing white powder that releases oxygen to clean, bleach, strip, brighten and whiten all fabrics when added to water. While it is a far more stable bleach with a longer shelf life, it also offers a higher free available chlorine content with a safer whitening and brightening function as well as extends the lifespan of the fabric. Suitable for use in domestic and industrial applications.

Laundry Spotters

Pro-Spot 1 All Purpose Laundry Pre-Spotter

A concentrated all-purpose liquid laundry pre-spotter specially designed for stripping and removing unwanted stains from laundry, carpets, fabrics and upholstery. Extensively used in the laundry, dry cleaning, carpet and upholstery cleaning as well as in the automotive valet cleaning industry. Even though specifically designed for stripping unwanted sweat marks from collars and cuffs it has proved itself to be an exceptional general all-purpose spotter. It is based on high quality surfactants, sequestrates and water-soluble solvents which will rejuvenate laundry that may have been ruined from staining.
